

Party	Topic	Short title (with embedded link if available)	Policy description
ALP	Agriculture	<a href="#">Investigate floor price for dairy farmers</a>	Task the ACCC with testing the efficacy of a Minimum Farm Gate Milk Price and to make recommendations on the best design options.
ALP	Banking	<a href="#">Bank Victim Compensation Scheme</a>	Significantly increased compensation caps at AFCA – double the compensation cap for small businesses, and quadruple the compensation cap for consumers with credit-related disputes. Consumers and small businesses will now be eligible for up to \$2 million in compensation – up from \$500,000 for consumers and \$1 million for small businesses. Compensation for non-financial loss will be put on the same footing – Increased from the current AFCA cap of \$5,000 to up to \$2 million for consumers and small businesses. Increased eligibility limit for consumers – The value of claims that ACFA can consider will be increased from \$1 million to \$2 million – meaning more Australians will be able to have their cases heard. A Retrospective Compensation Scheme – Providing Australians with a second chance to argue their complaints and get compensation up to the new caps. Consumers and small businesses will be able to have claims heard for actions back to 1 January 2008, and will have two years to submit the claim. This will allow more vulnerable people who are harder for services to reach to be notified about the scheme and their right to make an application.
ALP	Banking	<a href="#">Banking Fairness Fund</a>	\$160m per year raised from big banks, funding services including \$320m over four years for 500 new financial counsellors and \$60m for not-for-profit microfinance alternatives to payday loans.
ALP	Banking	<a href="#">Banking Royal Commission Response</a>	Accept 75 Hayne recommendations, with a different path to implement recommendation 1.3 on mortgage broker remuneration
ALP	Banking	<a href="#">Increase penalties for corporate crime</a>	Amend the Treasury Laws Amendment (Strengthening Corporate and Financial Sector Penalties) Bill 2018 to: Increase jail time for the most serious corporate crimes from 10 to 15 years imprisonment More than double the proposed cap on financial penalties to \$525 million

Party	Topic	Short title (with embedded link if available)	Policy description
ALP	Defence & national security	<a href="#">Helping Regional Businesses Win Defence Contracts</a>	<p>Require any contractor tendering for more than \$4 million in work from Defence in regional areas to provide a Local Industry Capability Plan.</p> <p>Require Defence to produce a Regional Procurement Plan ahead of key decisions for regional procurements of more than \$10 million, including an analysis of local industry and workforce capability and capacity. Regional procurements over \$100 million will be referred to the Minister for Defence to ensure local communities are getting a fair deal from these major projects.</p> <p>Invest in local expertise by appointing Local Procurement Officers in key regions, beginning with Darwin and Townsville. Local Procurement Officers will map local industry capability, advise on appropriate scheduling of work, and be the contact point for local industry with Defence.</p> <p>Establish Local Advisory Groups comprising representatives of local industry and civic leadership to monitor the roll out of Defence investment in the regions.</p> <p>Together, the Local Procurement Officers and Local Advisory Groups will make sure Defence tenders are packaged in a way that allows local businesses to compete.</p>
ALP	Defence & national security	<a href="#">Review Australia's Force Posture</a>	<p>Conduct the first review of Australia's force posture since 2012. The review will consider whether the Australian Defence Force personnel, infrastructure and assets are correctly geographically positioned to meet our future strategic challenges</p>
ALP	Economy	Responsible Fiscal Policy	<p>Deliver a balanced Budget on average over the economic cycle (medium term objective)</p>
ALP	Economy	<a href="#">Tradie Pay Guarantee</a>	<p>Require large Commonwealth construction projects to establish project bank accounts that use cascading statutory trusts, ensuring that all businesses down the supply chain involved get paid on time.</p> <p>Develop a national framework to ensure that no sub-contractors or small businesses are left out of pocket as a result of dodgy "phoenix activity".</p> <p>Set up an efficient process for handling disputes and establish a federal security of payments legislative regime based on the recommendations of the Murray Review.</p> <p>Work with the states and territories to harmonise schemes across the country where possible, including consulting on the referral of powers to the federal program. This would apply to a broader range of construction activity.</p> <p>Create a \$7 million Tradie Litigation Fund for subbies to access justice and see regulators take dodgy bosses to court and win.</p>

This document tracks party commitments for the 2019 Federal Election but does not express any judgments about these policies. It reflect announcements as at 7/05/19 and will be updated and refined as more announcements are made.

Party	Topic	Short title (with embedded link if available)	Policy description
ALP	Education & Skills	<a href="#">Apprenticeships</a>	Help train additional 150,000 apprentices including mature age workers and 10k renewables apprentices Provide additional support to businesses who take them on Require 1 in 10 workers employed on infrastructure projects receiving Commonwealth funding to be an Australian apprentice Appoint an Apprentice Advocate
ALP	Education & Skills	<a href="#">Extra funding for schools</a>	\$14b over a decade, \$3.3b over 3 years to provide extra funding for every public school in Australia
ALP	Education & Skills	<a href="#">Fee Free Qualifications for 10,000 Early Educators</a>	Waive upfront fees for 100,000 students to attend TAFE. Allocate 10,000 of these places to early education courses. Ensure that at least 200 of these places go to indigenous students seeking qualifications in early childhood education.
ALP	Education & Skills	<a href="#">Helping all Australians get the chance to study at uni</a>	\$174 million towards mentoring, support, and other specialised programs designed to boost opportunities for uni study in communities where graduation rates are low.
ALP	Education & Skills	<a href="#">National Preschool and Kindy Program</a>	Commit permanent ongoing funding to the national preschool and kindy program for all four year olds. Extend the program to cover all three year olds – commencing in 2021. Establish a \$100 million facilitation fund to support the roll-out of the program, including workforce development and supporting expanded capacity where required. Ensure early learning centres are high quality and safe by restoring the \$20 million safety and quality funding cut.
ALP	Education & Skills	<a href="#">New Moreton Bay Uni Campus</a>	Invest more than \$120 million in the University of the Sunshine Coast's new Moreton Bay Campus.

Party	Topic	Short title (with embedded link if available)	Policy description
ALP	Education & Skills	<a href="#">Renewables Training Package</a>	Support for 10,000 apprentices in the renewable and clean energy industries; \$20 million Renewable Industries TAFE Upgrades – to make sure apprentices and TAFE students have the opportunity to train on industry standard equipment, including batteries, solar panels, turbine and grid components. This will also support building, construction and design students to integrate renewables into their studies and make sure TAFE is at the forefront of renewables innovation and education. \$10 million in a Clean Energy Training Fund – to support industry partnerships for the training and upskilling of workers in clean energy industries, from solar and battery installers to energy management system professionals. Labor will work with TAFEs, RTOs, unions, and industry on the implementation of this fund.
ALP	Education & Skills	<a href="#">TAFE policies</a>	\$100 million Building TAFE for the Future Fund aimed at revitalising TAFE campuses across Australia. Restore TAFE as the foundation skills and training provider across the country and ensure at least two thirds of all government funding for vocational education will go to TAFE. Waive upfront fees for 100,000 students to attend TAFE (20,000 for aged care workers and carers announced in Budget Reply, 10,000 for early educators) and Conduct a once in a generation national inquiry into the post-secondary education system within the first 100 days of being elected.
ALP	Education & Skills	<a href="#">Uncapped Uni Places</a>	Abolish the cap on university places for Australian students.
ALP	Education & Skills	<a href="#">University Future Fund</a>	\$300 million University Future Fund - a fresh commitment to the existing Education Investment Fund. The fund will invest in new university research and teaching buildings.

Party	Topic	Short title (with embedded link if available)	Policy description
ALP	Energy & Climate	<a href="#">Boosting Clean Transport and Infrastructure</a>	<p>National EV target of 50 per cent new car sales by 2030</p> <p>Government EV target of 50 per cent of new purchases and leases of passenger motor vehicles by 2025.</p> <p>Work towards requiring all Commonwealth-owned and -leased office buildings to include the provision of charging infrastructure where appropriate.</p> <p>Growing private EV fleets: The Australian Investment Guarantee will allow businesses to immediately deduct 20 per cent off any new EV valued at more than \$20,000.</p> <p>Electrifying Australia's national road networks: \$100 million matched funding for commercial/state/local charging infrastructure including around 200 fast charging stations in regions and critical road corridors.</p> <p>Regulatory reforms and COAG agenda</p> <p>EV Innovation and Manufacturing Strategy developed with Industry, State Governments and the Research, covering establishment of manufacturing, assembly and retrofitting capability in EV vehicles, transportation and supporting infrastructure and services.</p> <p>Introduction of vehicle emission standards. Aim for standards in line with 105g CO2/km for light vehicles, but consult on phase-in timeline and coverage to maximise savings for motorists. Standards will be applied on a fleet average emission basis and be subject to real world testing.</p> <p>Low Emission Transport Strategy: covering maritime, aviation, rail and heavy vehicles.</p>
ALP	Energy & Climate	<a href="#">Building Jobs and Industry</a>	<p>Ensure tailored treatment of Emissions Intensive Trade Exposed industries under the expanded Safeguard Mechanism. In determining baselines for pollution reduction, adopt a 'comparative impact' principle, ensuring these industries face comparable impacts from climate change policies in relevant international markets.</p> <p>Establish a Strategic Industries Taskforce to engage in depth with strategic industries to develop and deliver industry specific Low Carbon Strategies. Solutions could include targeted assistance. The Taskforce will work with experts and peak bodies. A \$300m Strategic Industries Reserve Fund will help deliver on Taskforce recommendations and strategies.</p>

Party	Topic	Short title (with embedded link if available)	Policy description
ALP	Energy & Climate	<a href="#">Cutting Pollution by Extending the Safeguard Mechanism</a>	<p>Expand the existing Safeguard Mechanism by:</p> <p>Coverage: look to lower the coverage threshold to facilities of 25,000 tonnes direct CO2 emissions, consulting on the level and phase-in. Exclude electricity sector facilities.</p> <p>Target: a reduction in total pollution by covered entities of 45% below 2005 by 2030, but consult on the baselines and trajectories that apply to each covered entity.</p> <p>Offsets: Allow offsets from safeguard entities that fall below baselines; allow limited use of international offsets; explore potential for offsets from the electricity sector; reform the Carbon Farming crediting system to boost offset supply.</p>
ALP	Energy & Climate	<a href="#">Gas export controls</a>	<p>Permanent gas export control trigger, that can be pulled when gas prices are too high, not just when a gas shortfall is forecast.</p> <p>If prices are too high – based on a benchmark set by the ACCC – then the trigger can be pulled to enact export controls. This can include putting third party gas supplies back into the domestic market to drive down prices, rather than allowing them to flow overseas.</p> <p>Labor will also:</p> <p>Boost supply for domestic use by introducing a National Interest Test that applies to all new LNG export facilities or significant expansions of existing facilities. This would mean that domestic use will be a consideration in the approval of these projects. The ‘use it or lose it’ provisions will also be strengthened, encouraging companies to develop gas reserves rather than just sitting on them with the contracts rolling over.</p> <p>Give the ACCC new powers to monitor prices and crack down on anti-competitive behaviour in the gas market that causes inflated prices, and to make the market more transparent and competitive.</p>
ALP	Energy & Climate	<a href="#">Household Battery Program</a>	<p>From 2020, establish a Household Battery Program to provide a \$2,000 rebate for 100,000 households on incomes of less than \$180,000 per year to purchase and install battery systems, as well as low-cost loans for households.</p> <p>Aims at 1m household battery installations by 2025</p>

ALP	Energy & Climate	<a href="#">National Hydrogen Plan</a>	<ol style="list-style-type: none"> <li>1. Allocate \$1 billion of funding from the Clean Energy Finance Corporation to support clean hydrogen development, from Labor's commitment to double CEFC's capital by \$10 billion.</li> <li>2. Invest up to \$90 million of unallocated funding from the Australian Renewable Energy Agency to support research, demonstration and pre-commercial deployment of hydrogen technologies.</li> <li>3. Establish a \$10 million ARENA funding round for hydrogen refuelling infrastructure around the nation, from within ARENA's unallocated funding.</li> <li>4. Invest \$40 million of unallocated funding from the CEFC Clean Energy Innovation Fund to target hydrogen technologies and businesses that have passed the research and development stage.</li> <li>5. Implement regulatory reforms that will help the industry develop and prosper, including reforms to support the use of existing gas pipelines for hydrogen, reforms to support the shipping of hydrogen, reforms to better support the storage of CO2 from blue and brown hydrogen production, as well as other reforms to support hydrogen use and production.</li> <li>6. Establish the National Hydrogen Innovation Hub in Gladstone with an initial investment of \$3 million. This will kick-start early commercialisation of hydrogen technologies, provide a hub for investment and research agencies, and provide opportunities to leverage LNG infrastructure to support hydrogen exports.</li> </ol>
ALP	Energy & Climate	<a href="#">Neighbourhood Renewables Program</a>	Community power hubs to assist renters and social housing residents
ALP	Energy & Climate	<a href="#">Plan for More Renewable Energy and Cheaper Power</a>	<p>Pursue a bipartisan market mechanism, such as a National Energy Guarantee, that could deliver on our commitment of 50 per cent renewable energy by 2030.</p> <p>Add \$10b to capital of Clean Energy Finance Corporation for large scale generation and storage, concessional loans for household solar and batteries, energy efficiency, commercial and community renewables, industrial transformation and up to \$1b for Solar Schools finance</p> <p>\$5b Energy Security and Modernisation Fund to invest in interconnectors, gas pipelines, and transmission to new Renewable Energy Zones including NW Tasmania, Spencer Gulf Region SA</p> <p>Provide up to \$20m for 1000 grants up to \$20k for manufacturing energy efficiency; broaden ARENA to energy efficiency; train energy managers; work with COAG to improve state efficiency policies</p>

Party	Topic	Short title (with embedded link if available)	Policy description
ALP	Energy & Climate	<a href="#">Reducing Pollution on the Land</a>	Support the meat industry's 2030 carbon neutral commitment with \$2m for a Strategic Meat Industry Plan Review and strengthen the Carbon Farming Initiative to increase abatement opportunities and ensure methods are robust, including potential premium land sector credits with co-benefits. \$40m for carbon farming R&D Federal government powers to intervene to stop broad scale land clearing. Where States properly regulate this, the Commonwealth will take no action. Will develop new tools and maps for landholders (\$8m) and encourage all States to harmonise to Queensland's SLATS land monitoring system. National Forestry Summit and Strategic Plan to be developed.
ALP	Energy & Climate	<a href="#">Renewable Future for North West Tasmania</a>	Establish a Renewable Energy Zone in North West Tasmania \$56m for next stage of Marinus Link feasibility study \$5m for Renewable Future project
ALP	Energy & Climate	<a href="#">Restoring Australia's Climate Change Institutions</a>	Restore and reform the Climate Change Authority (\$24m), refocusing it on triennial assessments of current and future climate change impacts, as well as reviews of climate policies and monitoring and advice on reaching targets. Develop a National Strategy on Climate Change and Health.
ALP	Energy & Climate	<a href="#">Supporting Australia's Energy Workforce</a>	\$10m to train workers for clean energy industries Establish Just Transition Authority to plan for and coordinate around closure of coal fired power stations (\$8.5m over forward estimates) Mandatory participation for power stations and coal mines in pooled redundancy schemes Proactive economic diversification of impacted regions and communities
ALP	Environment	<a href="#">Protecting the Environment Plan</a>	Establish \$100m Native Species Protection Fund Establish \$62 million Beaches and Coastlines Climate Adaptation Plan \$50 million towards Environmental law reform and a new EPA

This document tracks party commitments for the 2019 Federal Election but does not express any judgments about these policies. It reflect announcements as at 7/05/19 and will be updated and refined as more announcements are made.

Party	Topic	Short title (with embedded link if available)	Policy description
ALP	Environment	<a href="#">Bring Environment Laws Into the 21st Century</a>	<p>Establish a new Australian Environment Act to protect our environment but also support job-creating development by streamlining and harmonising processes;</p> <p>Establish a new agency, a Federal EPA, with the mission to protect Australia's natural environment. It will be informed by the best available scientific advice, ensure compliance with environmental law, and have the ability to conduct public inquiries on important environmental matters.</p> <p>Establish a high powered working group of experts including scientists, environmental lawyers and public policy thinkers to refine the clear concepts that underpin this reform. Also ensure all stakeholders including states and territories, Aboriginal and Torres Strait Islander representatives, impacted industries and business groups, trade unions and civil society have a seat at the table.</p>
ALP	Environment	<a href="#">Recycling and Waste Strategy</a>	<p>Several steps including:</p> <p>Urban Rivers and Corridors Program - \$200m to partner with community organisations and environmental groups to revitalise the nation's waterways and make them safe and clean places</p> <p>A national ban on lightweight, single use plastic bags and microbeads from 2021. We will consult with states, territories and industry on how best to do this. This will create a consistent approach across the country;</p> <p>National Container Deposit Scheme – Labor will work with COAG to ensure states with existing schemes are consistent.</p> <p>National Waste Commissioner – To work with states and local government and help educate the community on solutions to waste. The Commissioner will also be charged with working with industry on the expansion of Product Stewardship Schemes.</p> <p>Invest \$60 million in a National Recycling Fund. This will fund projects to encourage recycling, including funding for innovative waste solutions, local government recycling facilities and material processing facilities, and new approaches to tackling food waste; engage with industry, the research sector and the wider community to integrate waste processing and recycling into a 21st century industrial system, based on Industry 4.0 principles.</p> <p>Tackling marine plastics through \$15 million to assist our neighbours clean up the Pacific Ocean</p> <p>Setting targets for government to purchase recycled products, and asking the Infrastructure Department to investigate whether recycled products can feasibly be used as road base for infrastructure projects.</p>
ALP	Environment	<a href="#">Rescue the Reef</a>	<p>Rescind a \$444m grant to the Great Barrier Reef Foundation and redirect the funding to public sector Reef preservation efforts.</p>

This document tracks party commitments for the 2019 Federal Election but does not express any judgments about these policies. It reflect announcements as at 7/05/19 and will be updated and refined as more announcements are made.

Party	Topic	Short title (with embedded link if available)	Policy description
ALP	Environment	<a href="#">Restore Marine Park Network</a>	Restore the original 2012 Marine Park Network in full. This includes an adjustment package for commercial fishers, and will still allow recreational fishing in 96 percent of Commonwealth waters within 100km of the shore. It does not affect the coastline or state waters. Retain some very minor improvements in the zoning in the current plans. This includes small oil and gas exclusion zones off the South Australian coast and the Kimberley marine park.
ALP	Environment	<a href="#">Support for the Recreational Fishing Industry</a>	\$55.5 million investment to renew ageing infrastructure, replenish native fish stocks in our rivers and create the first ever Prime Ministerial Roundtable on Recreational Fishing.
ALP	Federalism	<a href="#">Establish COAG Economic Reform Council</a>	The independent COAG Economic Reform Council will: Collate and collect consistent and comparable data from the states, territories and the Commonwealth to inform policy co-design and analysis, helping to track progress and performance; and Support the development of agendas for two formal COAG meetings a year and the regular Council on Federal Financial Relations meetings.
ALP	Federalism	<a href="#">Fair Share for WA Fund</a>	\$1.6 billion Fair Share for WA Fund would bring Commonwealth funding for Western Australia up to the equivalent of a 70 cent floor without impacting GST distributions to other States.
ALP	Foreign Affairs	<a href="#">FutureAsia</a>	Many initiatives to increase engagement with Asia, including: Establishing four new diplomatic posts in the Indo-Pacific region; Establishing a new category of geo-economic counsellor across our diplomatic network. Bangkok, Beijing, Hanoi, Jakarta, New Delhi, Tokyo and Washington will be important initial locations. Boosting the Asian capability of Australian boards, working with the Australian Institute of Company Directors. Establishing the Australian-ASEAN Studies Centre. Holding meetings of Asia-Pacific Finance Ministers in advance of the G20 Finance Ministers meeting. Holding an annual 2 +2 of Australian and Indonesian Finance and Trade Ministers. Making Asian languages and literacy a national priority. Invest \$32 million to strengthen Asian language and literacy education in schools. The development of a government-backed infrastructure investment facility to help meet the immense development needs of the Pacific and cement Australia's role in the region.

This document tracks party commitments for the 2019 Federal Election but does not express any judgments about these policies. It reflect announcements as at 7/05/19 and will be updated and refined as more announcements are made.

Party	Topic	Short title (with embedded link if available)	Policy description
ALP	Foreign Affairs	<a href="#">FutureAsia - Asian Languages and Literacy</a>	<p>Boost the supply of Asian language teachers - up to 100 scholarships a year for Australians who are Asian language native speakers and for top performers in priority Asian languages in Year 12, to go on to study a teaching qualification.</p> <p>Establish a new nationwide FutureAsia – Asia Capable Schools program with intensive training for 5,000 principals and senior teachers</p> <p>Improve Asian languages curriculum materials from pre-school to Year 12</p> <p>Set ambitious targets and goals for Asian languages, working with the state and territories through COAG, and with non-government schools too.</p> <p>Collect better data about the take up of Asian languages in Australia</p> <p>Establish an Advisory Council on Asia Capabilities</p> <p>Undertake a whole-of-government audit of Australian and state government policies and programs on Asian literacy and languages education</p> <p>Convene regular meetings of Indo-Pacific Education Ministers</p>
ALP	Foreign Affairs	<a href="#">FutureAsia - Deeper Ties With India</a>	<p>Support-in-principle the 10 priority recommendations of Peter Varghese's Indian Economic Strategy.</p> <p>Hold Annual Australia Week in India trade missions, focussing on the 10 sectors and 10 states identified in Varghese's Indian Economic Strategy. At the moment, trade missions to India are held only every two years.</p> <p>Work with the Indian Government to establish a reciprocal internship program to allow recent Australian graduates to help build the Asian business capability of young Australian professionals.</p>
ALP	Foreign Affairs	<a href="#">Rebuild Australia's Proud Record on Aid</a>	<p>Rebuild and grow Australia's international development program and increase Official Development Assistance as a share of Gross National Income every year.</p>
ALP	Health	<a href="#">Access to medical scans</a>	Invest an extra \$80 million to deliver a further 20 Medicare-subsidised MRI licences in locations of pressing need.
ALP	Health	<a href="#">Accessing Cutting Edge Medicine</a>	\$26 million investment in the future of clinical trials in Australia
ALP	Health	<a href="#">Building Better Hospitals - Capital</a>	\$1b capital investment in public hospitals nationwide
ALP	Health	<a href="#">Building Better Hospitals - ongoing</a>	<p>\$2.8 billion extra investment from 2019-2025, fully reversing Turnbull's cuts and funding more beds in emergency departments and wards, more doctors, more nurses and more health staff.</p> <p>This funding will be targeted to reducing emergency department and elective surgery waiting times</p>
ALP	Health	<a href="#">Cheaper breast cancer scans</a>	Invest an extra \$47 million in Medicare to subsidise breast cancer MRIs to ensure Australian women get the care they need when they need it.

This document tracks party commitments for the 2019 Federal Election but does not express any judgments about these policies. It reflect announcements as at 7/05/19 and will be updated and refined as more announcements are made.

Party	Topic	Short title (with embedded link if available)	Policy description
ALP	Health	<a href="#">End Medicare indexation freeze early</a>	End the freeze on Medicare rebate indexation on 1 July 2019, one year before it is currently due to end.
ALP	Health	<a href="#">Improving the health of First Australians</a>	\$115.1 million package to improve access to culturally appropriate health care across First Australians communities
ALP	Health	<a href="#">Medicare Cancer Plan</a>	Eliminate out of pocket costs for cancer diagnostic imaging (\$600m) Cover all costs for cancer specialist consultations (\$433m) Add all recommended cancer drugs to the Pharmaceutical Benefits Scheme
ALP	Health	<a href="#">Medicare Heart Health Checks</a>	Fund a new Medicare item for comprehensive heart health checks so that doctors can better prevent, detect and manage this deadly and costly disease
ALP	Health	<a href="#">Pensioner Dental Plan</a>	\$2.4 billion in a Pensioner Dental Plan – giving up to three million older Australians access to free dental care
ALP	Health	<a href="#">Type 1 diabetes research for kids</a>	\$50m for Juvenile Diabetes Research Foundation's Clinical Research Network
ALP	Housing	<a href="#">Affordable Housing for Renters</a>	Increase the amount of affordable rental properties by building 250,000 new affordable homes, with at least 20,000 in Labor's first term. Building on the National Rental Affordability Scheme, the program will provide annual incentives of \$8,500 per year for 15 years for newly constructed properties that are owned or managed by a registered community housing provider, and will be mandated to provide 20% below market rent for eligible Australian tenants on low and middle incomes. The incentive will be indexed annually to the rent component of the CPI. Work with the re-established National Housing Supply Council to identify the number, type and general location of dwellings which would be eligible to receive incentives.

Party	Topic	Short title (with embedded link if available)	Policy description
ALP	Housing	<a href="#">Positive Plan for Housing Affordability</a>	<p>Limit negative gearing to new housing from a yet-to-be-determined date after the next election. All investments made before this date will not be affected by this change and will be fully grandfathered.</p> <p>Halve the capital gains discount for all assets purchased after a yet-to-be-determined date after the next election. This will reduce the capital gains tax discount for assets that are held longer than 12 months from the current 50 per cent to 25 per cent. All investments made before this date will not be affected by this change and will be fully grandfathered. This policy change will also not affect investments made by superannuation funds. The CGT discount will not change for small business assets. This will ensure that no small businesses are worse off under these changes.</p> <p>Consult with industry, relevant stakeholders and State governments on further design and implementation details ahead of the start date for both these proposals.</p>
ALP	Industry	<a href="#">Australian Manufacturing Future Fund</a>	<p>Establish a \$1b fund along the lines of the Clean Energy Finance Corporation to offer concessional finance and/or equity investments to Australian manufacturers, lowering their risk profile and encouraging growth. A commercial approach will be taken and a benchmark rate of return will be expected from the Fund's portfolio as a whole. Automotive manufacturing and food manufacturing will be early priorities. The investment mandate will be developed after consultation.</p>
ALP	Industry	<a href="#">Future Mines and Jobs Plan</a>	<p>Future Mines and Jobs Plan, which includes:</p> <ul style="list-style-type: none"> <li>\$75m for Mines of the Future program to map exploitable mineral deposits</li> <li>Establishing the Australian Future Mines Centre to co-ordinate exploration work and lead the scientific research and development necessary to explore under deep cover as part of a \$23 million Australian Research Council Special Research initiative.</li> <li>Providing \$2 million to support 100 new scholarships for mining engineers, with 50 of them for women.</li> <li>Delivering an industry data and skills road map.</li> <li>Developing a Resources White Paper, to deliver the long-term vision across government for the resource sector as recommended by the bipartisan Resources 2030 Taskforce Report.</li> </ul>

Party	Topic	Short title (with embedded link if available)	Policy description
ALP	Industry	Future of Work Forum	Labor will establish an appropriately funded and resourced tripartite forum of employers, worker representatives, and the government, to aide government policy thinking in dealing with the twin challenges of automation and the future of work. The Future of Work Forum will be tasked with assessing best practice global models of productivity, taxation, training schemes and other measures to ensure displaced workers and young Australians are redeployed into jobs with similar pay and conditions and that those schemes are appropriately funded. The Forum will also help government respond to automation in a more timely fashion, acting as a communication mechanism for industry to inform the government and workers of plans to automate jobs.
ALP	Industry	<a href="#">National procurement plan</a>	<p>Require government departments work with local firms to ensure they can benefit from government contracts, and properly consider the economic benefit that local businesses provide. Value for money will be the key criteria.</p> <p>For projects over \$10 million, require bidders to develop a Plan for Local Jobs to support jobs in the regions that projects are undertaken.</p> <p>Successful bidders will be required to nominate an on-the-ground contact to engage with local small and medium businesses to raise awareness of upcoming tender and subcontracting opportunities.</p> <p>Companies will also have to undertake local labour-market testing for any new employees required for the project, to ensure temporary work visa holders are not undercutting local wages.</p> <p>Officials will be required to consider relevant financial and non-financial costs and benefits of the procurement, including commitment to local or regional markets and a more competitive supplier base.</p> <p>Require more public and large private projects to put plans in place to give Australian firms a chance to win work on major projects.</p> <p>On public projects these plans will be required to be considered as part of the project development and tender – not after a contract has been granted.</p> <p>Projects over \$250 million will have to ensure that local firms are provided with a fair opportunity to win work and not be excluded. These projects will be required to put an Australian Industry Participation plan in place, opening up access to new opportunities including in mining, rail, road and energy.</p> <p>Work with industry groups to make our businesses stronger, and able to win contracts at home and abroad.</p> <p>Appoint supplier advocates in key sectors like rail and steel to open up new opportunities for jobs. Work with a revamped Enterprise Connect, Industry Capability Network and have strong anti-dumping measures to keep Australian firms strong.</p>

Party	Topic	Short title (with embedded link if available)	Policy description
ALP	Industry	<a href="#">Battery Metal Manufacturing</a>	Austrade to develop a Manufacturing, Export and Investment Strategy - starting with a review of the future of battery metal extraction and advanced processing. Make research into battery metal processing and battery manufacture a funding priority for the Australian Research Council (ARC).
ALP	Industry	<a href="#">Regional Tourism Plan</a>	\$95 million in grants to improve infrastructure around existing tourism attractions, \$30 million to expand the range of tourism experiences in individual regions and \$25 million for Tourism Australia to get more international visitors to Australia. Invest \$100 million to help local councils maintain and grow regional airports.
ALP	Industry	<a href="#">Rescue Kakadu</a>	invest \$220 million in infrastructure and community development projects to dramatically improve Kakadu National Park as a tourist destination and secure the future of the township of Jabiru.
ALP	Industry	<a href="#">Tasmanian Tourism</a>	\$120m for a range of Tasmanian tourism projects
ALP	Infrastructure & Transport	<a href="#">ABC funding</a>	Restore previously cut funding of \$83m and provide an additional \$10m for regional news and emergency broadcasting
ALP	Infrastructure & Transport	<a href="#">Adelaide intersection upgrade</a>	\$20 million to deliver a critical safety upgrade to Adelaide's Springbank Road, Daws Road and Goodwood Road intersection
ALP	Infrastructure & Transport	<a href="#">Canberra Light Rail Stage II</a>	\$200 million investment towards the Stage II construction of Canberra's Light Rail project.
ALP	Infrastructure & Transport	<a href="#">Car Parks for Commuters</a>	Establish a \$300 million National Park and Ride Fund for new or expanded car parks at public transport hubs, such as train stations.
ALP	Infrastructure & Transport	<a href="#">Central Coast Roads Package</a>	\$60 million worth of road works planned for the New South Wales Central Coast to ease traffic congestion and improve road safety in this fast-growing region.
ALP	Infrastructure & Transport	<a href="#">Cross River Rail</a>	Help end the gridlock in South East Queensland by investing \$2.24 billion towards the congestion-busting Cross River Rail project.
ALP	Infrastructure & Transport	<a href="#">Infrastructure Australia governance</a>	Involve the Leader of the Opposition in appointments of directors to Infrastructure Australia
ALP	Infrastructure & Transport	<a href="#">Infrastructure for Townsville</a>	\$100 million to upgrade the Mount Isa to Townsville Rail Line. \$144 million towards the final stage of the Townsville Ring Road.
ALP	Infrastructure & Transport	<a href="#">Melbourne Suburban Rail Loop</a>	Invest \$300 million in the Suburban Rail Loop to support the development of a business case and get the planning work done quicker, enabling the construction to commence in 2022.
ALP	Infrastructure & Transport	<a href="#">Metronet and Railcar Manufacturing</a>	Partner with the WA Government by contributing \$850 million to build the Morley-Ellenbrook Line, and provide \$50 million for a new Railcar Manufacturing Facility in Bellevue

ALP	Infrastructure & Transport	<a href="#">Roads Upgrades for Melbourne's South-East</a>	\$850 million to upgrade congested roads in Melbourne's south-eastern suburbs. Work on these priority road projects will commence in early 2020 and be completed by 2025.
ALP	Infrastructure & Transport	<a href="#">City Partnership Program</a>	Honour existing City Deals, but establish a distinct City Partnership Program going forward Re-establish a Major Cities Unit in Infrastructure Australia Establish an expert panel to advise on strategic planning and Partnerships Refresh National Urban Policy
ALP	Infrastructure & Transport	<a href="#">Nation Building Infrastructure</a>	A program of infrastructure investments including Western Sydney Airport Rail, Sydney Metro West, Rockhampton Ring Road, Adelaide South Road, and a range of other road, rail and water projects.

Party	Topic	Short title (with embedded link if available)	Policy description
ALP	Innovation	<a href="#">Ending the War on Science</a>	Develop a charter with the Australian science and research community to establish the reciprocal roles, responsibilities and expectations of government and researchers. - affirm our fundamental respect for academic freedom; - review and strengthen the National Science and Research priorities; and - establish a Prime Ministers Science and Innovation Council, responsible for identifying our national priorities in science and research. Lift Australian R&D spending from 1.8 to 3% of GDP Establish a root-and-branch inquiry into strengthening our research capabilities across the whole of government.
ALP	Law & integrity	<a href="#">Ending violence against women</a>	More than double investment in the Fourth Action Plan to prevent and respond to family violence, delivering record Commonwealth funding of over \$660 million.
ALP	Law & integrity	<a href="#">National Integrity Commission</a>	Establish a Federal anti-corruption body in law
ALP	Law & integrity	<a href="#">Tackling Corporate Crime</a>	\$25m for a Corporate Crime Taskforce
ALP	Regional	<a href="#">Building a Future Geelong</a>	Provide a \$153 million investment as the Federal contribution to a package of tourism and visitor economy projects
ALP	Regional	<a href="#">National Firefighting Package</a>	\$80m for National Aerial Bushfire Fighting Fleet aircraft \$21m for national aerial firefighting centre
ALP	Social	<a href="#">Cheaper Child Care</a>	More child care fee support (up to 100% of the cap) ACCC investigation of excessive fee increases Review the system for vulnerable children
ALP	Social	<a href="#">Flexible Support Packages</a>	\$60m for 20,000 Flexible Support Packages over 4 years for victims of domestic violence
ALP	Social	<a href="#">Honouring Australia's Veterans</a>	\$118m for a range of veteran support and recognition initiatives
ALP	Social	<a href="#">Lift cap on NDIS staff</a>	Lift the National Disability Insurance Agency cap on staff numbers.
ALP	Social	<a href="#">NDIS Workforce Trial</a>	Invest \$40 million in local NDIS workforce trials and urgently develop a national NDIS workforce strategy.

This document tracks party commitments for the 2019 Federal Election but does not express any judgments about these policies. It reflect announcements as at 7/05/19 and will be updated and refined as more announcements are made.

Party	Topic	Short title (with embedded link if available)	Policy description
ALP	Social	<a href="#">Pensioner Guarantee</a>	The Pensioner Guarantee means pensioners and allowance recipients will be protected from the abolition of cash refunds for excess dividend imputation credits when the policy commences in July 2019. Self-managed superannuation funds with at least one pensioner or allowance recipient before 28 March 2018 will also be exempt from the changes.
ALP	Superannuation	<a href="#">Improving Women's Super Security</a>	<p>Ensure that recipients of Commonwealth Paid Parental Leave and Dad and Partner Pay payments continue to receive super contributions.</p> <p>Phase out the \$450 minimum monthly income threshold for eligibility for the superannuation guarantee – in recognition that the income eligibility threshold disadvantages people who work part-time, casual and in multiple low-paid jobs.</p> <p>Make it easier for employers to make extra payments into a woman's superannuation fund.</p> <p>Improve transparency by committing to consider and publish the impact that any future changes to super would have on women.</p>
ALP	Superannuation	Superannuation	<p>Increase Superannuation Guarantee to 12% as soon as possible; then determine a pathway to 15%</p> <p>Ensure Superannuation Guarantee is legislated to become part of the national minimum employment standard (NES) so that it is enforceable as an industrial entitlement.</p> <p>Consolidate unintended multiple accounts.</p> <p>Maintain equal representation governance of industry funds.</p> <p>Lower the annual non-concessional contributions cap to \$75,000 and lower the High Income Superannuation Contribution threshold to \$200,000. Also remove the catch-up concessional contributions and tax deductibility for personal superannuation contributions.</p> <p>Review and tripartite consultation on options to close gender gap in superannuation balances</p> <p>Clamp down on failure to pay superannuation contributions</p> <p>Reforms to ensure superannuation for contracted/fragmented workers</p>
ALP	Taxation	<a href="#">Australian Investment Guarantee</a>	From 2021-22 all businesses in Australia will be able to immediately deduct 20 per cent of any new eligible asset worth more than \$20,000, with the balance depreciated in line with normal depreciation schedules from the first year. Assets such as tangible machinery, plant and equipment (for example, trucks and utes, but not buildings) and intangible investments (such as patents and copyrights) would be eligible for the immediate deduction.

This document tracks party commitments for the 2019 Federal Election but does not express any judgments about these policies. It reflect announcements as at 7/05/19 and will be updated and refined as more announcements are made.

Party	Topic	Short title (with embedded link if available)	Policy description
ALP	Taxation	<a href="#">Dividend Imputation Reform</a>	Close down the concession created by the Howard Government, and return to the arrangement first introduced by the Hawke Government – so that dividend imputation credits can be used to reduce tax, but not for cash refunds.
ALP	Taxation	<a href="#">Large Business Company Tax Rate</a>	Return the company tax rate to 30% for large businesses
ALP	Taxation	<a href="#">Multinational tax crackdown</a>	Tighten debt-deduction loopholes used by multinational companies, improving the Budget by \$3 billion over the medium term. Introduce public reporting of country-by-country reports, ensuring the release of high-level tax information about where and how much tax was paid by large corporations (over \$1 billion in global revenue). Introduce a publicly accessible registry of the beneficial ownership of Australian listed companies and trusts, allowing the public to find out who really owns our firms. Introduce mandatory shareholder reporting of tax haven exposure, requiring companies to disclose to shareholders as a 'Material Tax Risk' if the company is doing business in a tax haven. Require all firms tendering for Australian Government contracts worth more than \$200,000 to state their country of domicile for tax purposes. many more
ALP	Taxation	<a href="#">Small Business Tax Appeals Process</a>	Legislate to establish a new position of Second Commissioner – Appeals within the Tax Office, reporting to the Commissioner of Taxation, to head up a new Appeals area within the Australian Taxation Office.
ALP	Taxation	<a href="#">Supporting Small Business</a>	Small and medium-sized businesses with a turnover of up to \$50 million a year will have their tax rate reduced to 25 per cent by 2021-22. To offset the costs of this, delay the introduction of the Australian Investment Guarantee by 12 months to 2021-22.
ALP	Taxation	<a href="#">Tax Refund for Workers</a>	Match the Coalition tax cut for workers earning between \$48,000 and \$125,000, and increase it for 3.6m workers earning \$48,000 or less. Do not proceed with proposed longer term income tax cuts for higher earners.
ALP	Trade	<a href="#">Free Trade Agreements</a>	Require all future trade agreements to be subject to independent analysis, to ensure that agreements deliver the benefits to Australians that are promised. Examine labour market testing waivers to ensure that free trade agreements cannot be used to undercut the wages and conditions of Australian workers. Scrutinise Indonesia FTA but welcome its signing

Party	Topic	Short title (with embedded link if available)	Policy description
ALP	Workplace relations	<a href="#">Living Wage</a>	<p>Amend the Fair Work Act to establish a two-step process to introduce a living wage:</p> <p>The first step will be for the Fair Work Commission to determine what a living wage should be. In doing so, the Commission will consider submissions from community organisations, business representatives and unions. The Commission will also take into account Australia's social wage (the amount of tax people pay, and any family tax benefits or other transfers they receive).</p> <p>The second step will be for the Fair Work Commission to consider the time frame over which the increase should be phased in, taking into account the capacity of businesses to pay, and the potential impact on employment, inflation and the broader economy. Again, the Commission will take into account submissions from community organisations, business representatives and unions. It will be the Fair Work Commission's responsibility to determine a fair and responsible phasing in of a living wage.</p> <p>If Labor is elected, the first living wage case will take place as part of the next Annual Wage Review after the legislation passes the Parliament, with wage increases to be responsibly phased in from the 1 July after that Review.</p> <p>The living wage will not automatically flow through to Award wages - it will only apply to those receiving the National Minimum Wage. The Annual Wage Review will still determine award wages.</p>

Party	Topic	Short title (with embedded link if available)	Policy description
ALP	Workplace relations	<a href="#">Protecting Local Workers</a>	<p>Increase the Temporary Skilled Migration Income Threshold (TSMIT) immediately to \$65,000 with annual indexing, and look to close loopholes that allow employers to artificially inflate salaries in order to meet the TSMIT;</p> <p>Charge a levy equal to three per cent or six per cent of the TSMIT per 457-style visa per year for businesses with a turnover under \$10 million per year or a turnover of \$10 million and above per year, respectively. Target exploitative employers by increasing funding for a joint agency taskforce.</p> <p>Create a public register that outlines the number of visa holders engaged by individual workplaces and employers.</p> <p>Require employers to provide their workers with a copy of the relevant collective agreement, award or labour agreement – as well as contact details for support services and organisations, such as community legal centres, migrant worker centres and unions.</p> <p>Extend the Fair Work Ombudsman's regulatory powers to the inspection of workplaces and investigation of employer breaches of Migration Act provisions relating to visa work conditions.</p> <p>Extend the current standing that exists for unions to commence civil actions for breaches of the Fair Work Act to include breaches of the Migration Act relating to visa work conditions.</p> <p>Legislate to establish an independent Australian Skills Authority (ASA) to restrict temporary work visas to jobs where there is a genuine skills shortage, with equal representation from government, unions and employer groups and support from a dedicated independent labour market analysis resource.</p> <p>Introduce the Australian Jobs Test to prevent labour agreements from being entered into unless they support or create jobs for Australian workers.</p> <p>Strengthen the current skills assessment processes by ensuring offshore assessment and testing of overseas workers is by a Trades Recognition Australia (TRA) approved Registered Training Organisation (RTO) before being granted a visa</p>
ALP	Workplace relations	<a href="#">Restore penalty rates</a>	<p>Within 100 days, legislate to restore cuts to Sunday and public holiday penalty rates</p>
ALP	Workplace relations	<a href="#">Same Job Same Pay</a>	<p>Legislate to ensure that workers employed through a labour hire company will receive the same pay and conditions as people employed directly.</p> <p>Consult with labour hire companies, host employers, unions and other stakeholders on the legislative scheme and transitional arrangements. This policy will not affect small businesses using labour hire companies to source workers on a temporary basis or to deliver specialist skills.</p>

ALP	Workplace relations	<a href="#">Plan for higher wages</a>	Sham agreements: legislate to make sure that agreements have to be agreed by the actual workers who will be covered by them Gig economy: make sure workers in the gig economy are paid properly and not used to undermine Australian wages, including by changing the legal test for sham contracting. Termination of agreements: Legislate to prevent employers using agreement termination to cut wages and conditions
Coalition	Economy	<a href="#">1.25 million new jobs over the next five years</a>	Commit to creating a further 1.25 million new jobs over the next five years.
Coalition	Education & Skills	<a href="#">Eligability Change for Transition to Work employment service</a>	The eligibility change is expected to benefit more than 2,000 young people aged 22-24 annually and will better align the service with the Government's broader suite of youth-specific programs. Funding for this measure was included in the New Employment Services pilot and transitional arrangements measure announced in the 2019–20 Budget. It will commence from 1 January 2020.
Coalition	Education & Skills	<a href="#">Extention of pre-school education</a>	\$453 million to extend pre-school education, enabling 350,000 children to receive 15 hours of quality early learning per week in the year before school.
Coalition	Education & Skills	<a href="#">Improving School Standards</a>	The Government has accepted in principle the recommendations of David Gonski's report outlining how to improve student outcomes. It will work with the states to reform the curriculum, provide online learning tools for teachers, and better support teachers and parents to support students.
Coalition	Education & Skills	<a href="#">Improving University Education</a>	From 2020 onwards, a portion of each university's funding will be based on certain criteria being met, to ensure funding supports good outcomes for students. They are consulting with the sector on the design of this.
Coalition	Education & Skills	<a href="#">Investing in Schools</a>	Guaranteed funding commitment invests an additional \$37.6 billion in schools over the next decade (to 2029).The commitment increases average funding per student by 62% over a decade. Funding is being doubled for public schools. Funding for non-government schools is being increased by 70%.
Coalition	Education & Skills	<a href="#">Local school community program</a>	Funding will be available for projects such as upgrades to libraries, classrooms and play equipment.
Coalition	Education & Skills	<a href="#">Non-Government Schools</a>	An extra \$4.5 billion of funding will be available to non-government schools over the next decade.

This document tracks party commitments for the 2019 Federal Election but does not express any judgments about these policies. It reflect announcements as at 7/05/19 and will be updated and refined as more announcements are made.

Party	Topic	Short title (with embedded link if available)	Policy description
Coalition	Education & Skills	<a href="#">Regional Education</a>	To further help regional and rural education, the Government announced over \$134 million in funding for: 1,955 more scholarships for regional and remote students. Support for more students at five regionally focused universities. 16 Regional Study Hubs in 22 locations. A National Regional, Rural and Remote Higher Education Strategy to boost participation in post-secondary education.
Coalition	Education & Skills	<a href="#">Regional Study Scholarships</a>	This Budget includes a new scholarship program for over 1,000 students a year to study in regional Australia.
Coalition	Education & Skills	<a href="#">Skilling Australians Fund</a>	A new \$1.5 billion Skilling Australians Fund will support up to 300,000 more apprentices over four years. This will be partly funded by employers that sponsor migrants under the new temporary skill shortage visa.
Coalition	Education & Skills	<a href="#">Skills Package</a>	New \$525 million skills package. Creation of 80,000 new apprenticeships in industries with skills shortages. Double incentive payments to employers to \$8,000 per placement. And these new apprentices will also receive a \$2,000 incentive payment.
Coalition	Education & Skills	<a href="#">Women in STEM</a>	Provide further funding to increase participation for women and girls in STEM. Complementing the Future Female Entrepreneurs Program
Coalition	Education & skills	<a href="#">Increase Rebate on Parliament and Civics Education Rebate (PACER) program</a>	The Morrison Government will increase the rebate paid to schools located more than 1,500 kilometres from Canberra, under the current Parliament and Civics Education Rebate (PACER) program. More than 100,000 students from more than 2,000 schools from around Australia visit Canberra each year with the support of the PACER program. The increased rebate will start from \$100 per student for schools 1,500km-1,999km from Canberra rising to \$340 per student for schools more than 4,000km away.
Coalition	Energy & Climate	<a href="#">Affordable, reliable electricity.</a>	A number of new measures will reduce power bills for households and businesses. These include a price safety net to protect customers, a big stick to stop companies ripping off customers and a program to underwrite new reliable energy generation.
Coalition	Energy & Climate	<a href="#">Climate Solutions Package</a>	This Budget includes a \$3.5 billion Climate Solutions Package — \$2 billion of which will go to practical emission reduction activities, working with farmers and Indigenous communities.
Coalition	Energy & Climate	<a href="#">Energy Payment to Help Australians With Their Next Energy Bill</a>	More than 3.9 million Australians will receive a one-off Energy Assistance Payment to help with their next energy bill and cost of living expenses. The payment of \$75 for singles and \$125 for eligible couples will be exempt from income tax and will be paid automatically before the end of the current financial year, subject to the passage of legislation.

This document tracks party commitments for the 2019 Federal Election but does not express any judgments about these policies. It reflect announcements as at 7/05/19 and will be updated and refined as more announcements are made.

Party	Topic	Short title (with embedded link if available)	Policy description
Coalition	Energy & Climate	<a href="#">More Gas Supply</a>	The government have secured agreement from gas producers to cover projected shortfalls (of up to 107 petajoules) over the next two years. New regulations will also improve gas transportation, which accounts for 15% of the cost.
Coalition	Energy & Climate	<a href="#">National Strategy for Vehicle Emissions</a>	A National Electric Vehicle Strategy will ensure the transition to electric vehicle technology and infrastructure is planned and managed. The strategy will build on grants from the Australian Renewable Energy Agency (ARENA), finance from the Clean Energy Finance Corporation (CEFC) and the current work of the COAG Transport and Infrastructure Council.
Coalition	Energy & Climate	<a href="#">Reducing Emissions</a>	The Government has committed to an emissions reduction target of 26% to 28% below 2005 levels by 2030. The Government supports practical emissions reduction projects through the Emissions Reduction Fund like energy efficiency, capturing landfill gas and boosting soil carbon.
Coalition	Energy & Climate	<a href="#">Underwriting New Generation Investments</a>	Consider underwriting shortlist of 12 energy generation and storage projects, while continuing discussions with non-shortlisted projects. \$10m for feasibility studies for a range of possible North and Central Queensland energy projects amounting to 1000-2000MW of new capacity
Coalition	Energy & Climate	<a href="#">Australia's first solar to hydrogen-based microgrid</a>	Energy Minister Angus Taylor announced a grant of \$990,150 for the Daintree Renewable Energy Pty Ltd to take the 100 per cent renewable project to 'shovel ready' within 12 months. The money has been allocated in this year's budget under the government's \$50.4 million Regional and Remote Communities Reliability Fund.
Coalition	Environment	<a href="#">Environment Restoration Fund</a>	\$100 million Environment Restoration Fund to deliver large-scale environmental projects. It will complement a new Communities Environment Program, providing smaller grants for projects that target local community priorities.
Coalition	Environment	<a href="#">Landcare</a>	Investing around \$1 billion over five years in the National Landcare Program. This includes the Regional Land Partnerships, which invest in restoring wetlands and protecting threatened species and ecological communities. It also invests in improving soil health on farms, targeting soil acidification and combating wind erosion and hillslope erosion.
Coalition	Health	<a href="#">Australia's First Comprehensive Children's Cancer Centre in Sydney</a>	Establishing Australia's first comprehensive children's cancer centre in Sydney.
Coalition	Health	<a href="#">Brain and Spinal Ward - SA</a>	Helping to build a new Brain and Spinal Ward in South Australia.

This document tracks party commitments for the 2019 Federal Election but does not express any judgments about these policies. It reflect announcements as at 7/05/19 and will be updated and refined as more announcements are made.

Party	Topic	Short title (with embedded link if available)	Policy description
Coalition	Health	<a href="#">First dedicated Cystic Fibrosis Specialist Unit</a>	The Specialist Unit will provide treatment with state-of-the-art equipment, research and diagnostic facilities as a key part of the Westmead Health and Education Precinct in Sydney.
Coalition	Health	<a href="#">Funding for Regional Hospitals</a>	Funding upgrades to regional hospitals, the first being in Townsville.
Coalition	Health	<a href="#">Health Research</a>	\$400 million in this Budget for genomics research on our DNA. \$160 million for research to improve the health of Indigenous Australians.
Coalition	Health	<a href="#">Hospital Investment</a>	Under the new five hospital agreement, funding is increasing by \$30.1 billion from 2020-21 to 2024-25. This is an increase of 30% (from \$100 billion to \$130.1 billion).
Coalition	Health	<a href="#">Medical Research Future Fund</a>	Over the next four years, the Government is providing \$6 billion in research funding.
Coalition	Health	<a href="#">More medicines on the PBS</a>	More medicines on the PBS to treat kidney, bladder, liver and skin cancer. Listing of Besponsa, a medicine for people with acute Leukaemia. Instead of costing \$120,000 a course, patients will now have access to the medicine at a cost of \$6.50 per script for concession card holders and around \$40 for general patients.
Coalition	Health	<a href="#">National Men's Health Strategy</a>	National Men's Health Strategy 2020-2030 launched with more than \$19 million to guide action over the decade to improve the health and wellbeing of Australian men and boys. It sets out a national approach to improving health outcomes for all men and boys in Australia.
Coalition	Health	<a href="#">Regional Mental Health</a>	A new Medicare rebate will cover online videoconferencing mental health consultations with psychologists, social workers and occupational therapists.
Coalition	Health	<a href="#">Youth mental health and suicide prevention strategy</a>	In this Budget, the Government will invest \$461 million in a youth mental health and suicide prevention strategy, including: 30 new headspace centres Reduced waiting lists More support for Indigenous youth including through mentoring and peer support. Treatment for early psychosis. A perinatal mental health program. And extra counselling services for communities who have suffered from natural disasters.
Coalition	Immigration	<a href="#">Visa Fee Increase</a>	All visa fees except those for tourist visitors (visa category 600) will rise by 5.4% from 1 July 2019. This will raise an additional \$275mn from visa applicants over the next four years.

This document tracks party commitments for the 2019 Federal Election but does not express any judgments about these policies. It reflect announcements as at 7/05/19 and will be updated and refined as more announcements are made.

Party	Topic	Short title (with embedded link if available)	Policy description
Coalition	Industry	<a href="#">Craft Brewers and Distillers</a>	Increasing the amount beverage companies can claim back on their excise (from \$30,000 a year to \$100,000) and extending the concessional draught beer excise rate to smaller kegs, typically used by craft brewers. This means craft brewers will no longer be paying 40% more for using smaller kegs.
Coalition	Industry	<a href="#">Entrepreneurs Program and Growth Centres</a>	Estimated 'efficiencies' of \$48.9mn over the current year and the following four years have been budgeted against the Entrepreneurs' Program and the Industry Growth Centres Initiative. It is understood the 'efficiencies' will come from uncommitted funds.
Coalition	Industry	<a href="#">Helping Small Business with Cash Flow</a>	From July 2019, the Government will be required to pay invoices for contract work up to \$1 million within 20 days. Large businesses seeking to tender for government contracts will be asked to match this policy.
Coalition	Industry	<a href="#">Red Tape Relief for Small Business</a>	To help reduce state government red tape, the Government will pay up to \$300 million to states and territories that reduce the regulatory burden on small business.
Coalition	Industry	<a href="#">SME Growth Fund</a>	Pledge to help 250,000 new small businesses over the next 5 years and create an equity plan to help existing SMEs expand. Will be seeded with \$100m in government money and involve government partnering with banks.
Coalition	Infrastructure & Transport	<a href="#">10 Year Infrastructure Pipeline</a>	Committed to a 10 Year Infrastructure Pipeline including: <ul style="list-style-type: none"> <li>•Major road upgrades</li> <li>•Better public transport</li> <li>•Building Western Sydney Airport</li> <li>•An historic investment of \$9.3 billion in Inland Rail will change the way freight is moved between Melbourne and Brisbane</li> <li>•Removing traffic pinch points through a \$1 billion Urban Congestion Fund.</li> <li>•Upgrading key regional road corridors through the \$3.5 billion Roads of Strategic Importance Initiative.</li> <li>•Safer local roads and bridges through the Roads to Recovery, Black Spot and Bridges Renewals programs.</li> <li>•Helping connect remote communities through the Remote Airstrip Upgrades Program.</li> </ul>
Coalition	Infrastructure & Transport	<a href="#">Fast-rail between Melbourne and Geelong</a>	\$2 billion in this Budget for fast-rail between Melbourne and Geelong
Coalition	Infrastructure & Transport	<a href="#">Improving infrastructure</a>	In this Budget, there is an additional: <ul style="list-style-type: none"> <li>\$2.2 billion for safer roads.</li> <li>\$1 billion to improve freight routes and access to ports.</li> <li>\$100 million for regional airports.</li> </ul>

Party	Topic	Short title (with embedded link if available)	Policy description
Coalition	Infrastructure & Transport	<a href="#">Investment into road and rail infrastructure across Perth and regional WA</a>	The 2019–20 Federal Budget will lock in an additional \$1.6 billion investment into critical road and rail infrastructure across Perth and regional Western Australia, busting congestion and driving stronger growth, while enhancing road safety to ensure people across WA get home sooner and safer.
Coalition	Infrastructure & Transport	<a href="#">Urban Congestion Fund</a>	Increasing the Urban Congestion Fund four-fold from \$1 billion to \$4 billion.
Coalition	Innovation	<a href="#">Enhancing Australia's Space Capability</a>	A new industry-led cooperative research centre in South Australia. The SmartSat CRC would complement the work of the Australian Space Agency.
Coalition	Social	<a href="#">Cashless Debit Card</a>	Extending the roll out of cashless welfare cards
Coalition	Social	<a href="#">Countering terrorism and extremism</a>	Providing the Federal Police and ASIO with \$570 million to keep Australians safe from these threats.
Coalition	Social	<a href="#">Drug Dependency</a>	Those on welfare affected by drugs and alcohol will now be required to undertake available treatment. If it is refused, Government will no longer accept drug and alcohol use as a legitimate excuse for missing appointments or activities that help them find work.
Coalition	Social	<a href="#">Drug Strategy</a>	\$337 million in new funding for comprehensive drug strategy
Coalition	Social	<a href="#">Drug Testing for Welfare Payments</a>	Seeking to trial random drug tests for 5,000 new recipients of Newstart and Youth Allowance in three locations - Canterbury Bankstown (NSW), Logan (QLD) and Mandurah (WA).
Coalition	Social	<a href="#">Emergency Response Fund</a>	Announced they would establish a new \$3.9 billion Emergency Response Fund that will ensure additional resourcing is available to support future natural disaster recovery efforts.
Coalition	Social	<a href="#">Improving Aged Care</a>	This Budget includes an investment of \$725 million that will deliver: 10,000 new home care packages. Additional financial support for residential care. A capital works program with a focus on regional Australia. And a series of new measures to improve the quality and safety of aged care services.
Coalition	Social	<a href="#">Keeping Kids Safe Online</a>	Funding new practical training to give kids, parents and teachers the knowledge and skills necessary to keep children safe online.
Coalition	Social	<a href="#">Mutual Obligation Rules</a>	Job seekers aged 30-49 (approx. 270,000) will have activity requirements increased from 30 hours to 50 hours per fortnight.

This document tracks party commitments for the 2019 Federal Election but does not express any judgments about these policies. It reflect announcements as at 7/05/19 and will be updated and refined as more announcements are made.

Party	Topic	Short title (with embedded link if available)	Policy description
Coalition	Social	<a href="#">Royal Commission into the mistreatment of people with disability.</a>	Half a billion dollars for a Royal Commission into the mistreatment of people with disability.
Coalition	Social	<a href="#">Safer Communities Fund</a>	Budget provides for a new round of the Safer Communities Fund, assisting religious organisations, schools and other organisations to install fencing, lighting and security cameras
Coalition	Social	<a href="#">Supporting service people who are deployed</a>	Additional \$680 million to support service men and women deployed abroad.
Coalition	Social	<a href="#">Welfare Compliance</a>	Introducing a clear and fair system of compliance. In the same way drivers lose demerit points for driving offences, job seekers will lose one point if they fail to turn up to an appointment, interview or mutual obligation activity, like Work for the Dole.
Coalition	Social	<a href="#">Women's Safety</a>	Providing \$328 million in this budget to fund prevention, response and recovery initiatives. There is new funding for the 1800RESPECT helpline, more safe places and training for health and other service providers.
Coalition	Taxation	<a href="#">Crack down on multinational tax avoidance</a>	Provide additional support to the Tax Office to continue effort to crack down on multinational tax avoidance.
Coalition	Taxation	<a href="#">Fairer GST System</a>	\$9 billion in extra funding will now be delivered to the states and territories over 10 years. All states will benefit, but especially Western Australia, which in recent years has received GST revenues of 30 cents of every dollar of GST raised.
Coalition	Taxation	<a href="#">First Home Buyers</a>	Providing a tax cut on their home deposit savings. First Home Super Savers Accounts will let first home buyers save at least 30% faster than they can currently – saving for a deposit by salary sacrificing into their superannuation account (over and above their compulsory superannuation contribution). Up to \$30,000 per person (and \$15,000 per year) in home deposit savings now get the benefits of superannuation – that is, taxed at 15 percent, rather than marginal rates, and withdrawals taxed at their marginal rate, less 30 percentage points.
Coalition	Taxation	<a href="#">Instant asset write-off</a>	Instant asset write-off will be increased and expanded. It will be increased from \$25,000 to \$30,000, and it can be used every time an asset under that amount is purchased. The instant asset write-off will also be expanded to businesses with a turnover of up to \$50 million. This will cover an additional 22,000 businesses, employing 1.7 million Australians.

This document tracks party commitments for the 2019 Federal Election but does not express any judgments about these policies. It reflect announcements as at 7/05/19 and will be updated and refined as more announcements are made.

Party	Topic	Short title (with embedded link if available)	Policy description
Coalition	Taxation	<a href="#">Limits to the amount of tax paid</a>	Tax as a share of the economy will not rise above the 23.9 per cent cap.
Coalition	Taxation	<a href="#">Long-term structural reform</a>	Long-term structural reform by lowering the 32.5 per cent tax rate to 30 per cent from 1 July 2024. This will cover all taxpayers earning between \$45,000 and \$200,000 and will mean that 94 per cent of taxpayers will pay no more than 30 cents in the dollar.
Coalition	Taxation	<a href="#">R&amp;D Tax Incentive</a>	Portfolio documents indicate an additional \$1.35bn will be removed from the RDTI across the forward estimates. This appears to be additional to the \$2.4bn cut last year as a result of structural changes. Further clarity is needed.
Coalition	Taxation	<a href="#">Small Business Tax Cuts</a>	Cutting small business's taxes to 25 per cent
Coalition	Taxation	<a href="#">Tax relief for Australians</a>	Two significant changes will deliver \$158 billion of additional tax relief for Australians. The Government is more than doubling the low and middle income tax offset from 2018-19. Taxpayers earning up to \$126,000 a year — will receive a tax cut. For a single income family, this means up to \$1,080 in your pocket per year. And for families on a dual income, up to \$2,160. More than 10 million taxpayers will benefit, with 4.5 million receiving the full amount.
Coalition	Tourism	<a href="#">National Tourism Icons package</a>	\$50 million National Tourism Icons package in the Budget for tourism infrastructure and upgrades at iconic destinations across Australia. It includes \$7.2m Freycinet National Park
Coalition	Trade	<a href="#">Export Market Development Grants</a>	Provide an additional \$60 million for Export Market Development Grants to allow small and medium-sized businesses to capitalise on more opportunities.
Coalition	Trade	<a href="#">Small and Medium Enterprise Export Hubs</a>	Investing \$20 million in Small and Medium Enterprise Export Hubs. The hubs will help SMEs work together to develop brands and connect with new markets and global supply chains.
Coalition	Water	<a href="#">Water Security</a>	In addition to \$13 billion for water reform in the Murray-Darling Basin, the Government has also committed funding to the Great Artesian Basin Sustainability Initiative.

This document tracks party commitments for the 2019 Federal Election but does not express any judgments about these policies. It reflect announcements as at 7/05/19 and will be updated and refined as more announcements are made.

Party	Topic	Short title (with embedded link if available)	Policy description
Greens	Banking	<a href="#">A People's Bank</a>	The Greens will use the Reserve Bank of Australia (RBA) to establish a People's Bank with the intention of providing basic low-risk banking services to the public. At the People's Bank, people would be able to establish accounts directly with the RBA for day-to-day banking facilities. Customer service would be provided online, by telephone, or face-to-face through Australia Post and other partners. Products provided to the public by the People's Bank would be: <ul style="list-style-type: none"> <li>- Savings accounts pegged to the RBA cash rate, with debit cards linked to these accounts also available.</li> <li>- Mortgage tracker accounts pegged to the RBA cash rate.</li> </ul>
Greens	Economy	<a href="#">Re-introduce a Women's Budget Impact Statement</a>	The Greens will also work to re-introduce a Women's Budget Impact Statement which used to accompany the Federal Government's annual Budget.
Greens	Economy	<a href="#">Restore Australian Public Services staffing levels to 2012 levels</a>	Restore staffing levels for the Australian Public Service to the levels that they were in 2012. Over a four-year period, employment in the public service would increase by over 17,000 people, on a FTE basis.
Greens	Economy	<a href="#">Impose cap on consultancy contracts for government agencies.</a>	Impose a cap on all consultancy and nonconsultancy contracts at 7.5% of an agency's current budget. This would raise \$10.2 billion over the decade.
Greens	Education & skills	<a href="#">Boost university funding by 10% per student to improve learning and teaching conditions</a>	Increase funding per-Commonwealth Supported Place student by 10 percent.
Greens	Education & skills	<a href="#">Link university funding increases to increases in security of their work university staff</a>	The Greens will work with staff and their unions to link funding under the Commonwealth Grant Scheme to reductions in the rate of insecure work in universities.

This document tracks party commitments for the 2019 Federal Election but does not express any judgments about these policies. It reflect announcements as at 7/05/19 and will be updated and refined as more announcements are made.

Party	Topic	Short title (with embedded link if available)	Policy description
Greens	Education & skills	<a href="#">Provide free undergraduate uni and TAFE for all students</a>	The Greens will fund unlimited free undergraduate university and TAFE and that there should be no government funding for providers that operate for private profit.
Greens	Education & skills	<a href="#">Public School Funding</a>	Every public school to reach 100% of the Schooling Resource Standard by 2023 by investing \$20.5 billion over the next ten years. This policy also involves legislating to remove the cap on Commonwealth contributions to public schools and cancelling special deals for private schools.
Greens	Education & skills	<a href="#">Raise Youth Allowance, Austudy and Abstudy by \$75 a week</a>	The Greens will raise Youth Allowance by \$75 a week and change the earnings threshold so students can earn an extra \$100 a week before their payment is reduced. The Greens will extend Austudy payments to all full-time postgraduate students at a cost of \$5.72bn over ten years to ensure that young researchers, teachers and students seeking advanced education have the income support they need to flourish.
Greens	Education & skills	<a href="#">School Capital Grants Program</a>	Increase the Capital Grants Program funding to \$400 million a year to build the teaching and learning facilities. The Greens will expand the Program to include public schools and guarantee 80% of the funding, \$320 million per year, for public schools.
Greens	Education & skills	<a href="#">Tie the HELP repayment threshold to the median wage</a>	For students who already have a debt, the Greens will index the repayment threshold for HELP, SSL, ABSTUDY SSL, TSL and SFSS debts to the median wage of \$52,880 from 2019.
Greens	Education & skills	<a href="#">Transitioning workers</a>	With a \$1 billion Clean Energy Transition Fund, Renew Australia will be tasked with supporting workers to reskill, relocate or transition to retirement. The fund will also target support at the local communities affected by the transition, prioritising infrastructure investment in those areas and offering economic incentives for investment throughout the local economy.
Greens	Education & skills	<a href="#">Young people in the workplace</a>	Expand the existing Individual Placement Support trial to cover an additional 10,000 participants at a cost of \$40 million over the next four years. The trial currently operates at 14 sites across rural and regional Australia including Albany, Bendigo, Dubbo and Mt Isa.
Greens	Education & skills	<a href="#">Peer to peer workers</a>	Providing 1,000 places for peer to peer workers as part of a national peer workforce trial. Providing opportunities for young people to train as peer workers through free TAFE, which would include free places for the nationally recognised qualification in peer work, the Certificate IV in Mental Health Peer Work.
Greens	Energy & Climate	<a href="#">100% renewable energy by 2030</a>	Achieve 100% renewable energy by funding investment in infrastructure to transform the energy system. The Greens claim this will create 182,000 new jobs.

This document tracks party commitments for the 2019 Federal Election but does not express any judgments about these policies. It reflects announcements as at 7/05/19 and will be updated and refined as more announcements are made.

Party	Topic	Short title (with embedded link if available)	Policy description
Greens	Energy & Climate	<a href="#">Abolish the Emissions Reduction Fund</a>	By abolishing the Emissions Reduction Fund (ERF recently rebadged as the Climate Solutions Fund) and re-establish the Carbon Farming Initiative.
Greens	Energy & Climate	<a href="#">An additional \$10 billion for the Clean Energy Finance Corporation</a>	Expand the investments of the Clean Energy Finance Corporation by allocating an additional \$10 billion in funding
Greens	Energy & Climate	<a href="#">Ban on new coal mines, gas and oil fields</a>	An immediate ban on new coal mines, fracking and conventional onshore and offshore gas and oil fields.
Greens	Energy & Climate	<a href="#">Carbon Price</a>	A carbon price mechanism similar to the one that operated between 2012 and 2014 and mirroring the European price.
Greens	Energy & Climate	<a href="#">Clean Energy Small Business Fund</a>	Establish a 'Clean Energy Small Business Fund' with an initial funding injection of \$200 million over the next 4 years. SMEs will be eligible to apply for up to \$10,000 to cover the cost of investment in assets or capital works that will reduce fossil fuel use, improve energy efficiency or switch from gas to clean energy.
Greens	Energy & Climate	<a href="#">Clean Energy Solution Centres</a>	Establish Clean Energy Solution Centres to support business to implement audits and develop energy efficiency plans;
Greens	Energy & Climate	<a href="#">Clean Energy Transition Fund</a>	Support workers to transition away from fossil fuels through a \$100m Clean Energy Transition Fund, with \$6.6m each year for direct training and reskilling programs and investment for new businesses.
Greens	Energy & Climate	<a href="#">Community renewable program</a>	\$25 million in a community renewables program to support regional and community renewable hubs across the country
Greens	Energy & Climate	<a href="#">Create Power Australia</a>	A not-for-profit, public energy retailer. Establish a new, publicly owned competitor to the private power companies. Under the Greens plan, renewable energy will be available from a government provider, Power Australia, which supplies household electricity. The Greens estimate energy bills will be reduced by an estimated \$200 a year for an average customer, and that the public energy retailer will increase competition in the existing retail market.
Greens	Energy & Climate	<a href="#">Electric vehicles</a>	A 17 per cent tax on luxury fossil fuel cars would help cover most costs for scrapping registration fees, import tariffs, GST and stamp duty on electric vehicles, reducing the cost of electric vehicles by around 20 per cent.

This document tracks party commitments for the 2019 Federal Election but does not express any judgments about these policies. It reflect announcements as at 7/05/19 and will be updated and refined as more announcements are made.

Party	Topic	Short title (with embedded link if available)	Policy description
Greens	Energy & Climate	<a href="#">Establish a new Clean Energy Export Development Fund</a>	A new \$1.7 billion Clean Energy Export Development Fund will to be created and managed by ARENA to specifically build Australia's renewable export industry up to scale and create 'solar fuels' export hubs in strategic locations around Australia.
Greens	Energy & Climate	<a href="#">Get Australia off Gas</a>	In addition to the \$200 million Clean Technology Program, the Greens will get Australia off gas by: <ul style="list-style-type: none"> <li>• Funding a \$50 million community education campaign targeted at households, encouraging them to use reverse cycle air conditioners as heaters instead of their gas heaters, which would cut pollution and save consumers up to thousands of dollars a year;</li> <li>• Changing the Building Code of Australia requirements to prohibit the installation of gas in new developments.</li> </ul>
Greens	Energy & Climate	<a href="#">Grid Transformation Fund</a>	Renew Australia will turn Australian Energy Market Operator's (AEMO) Integrated System Plan into reality, by opening up renewable energy zones right around the country, backed by a \$6 billion Grid Transformation Fund
Greens	Energy & Climate	<a href="#">Household Solar Storage Scheme</a>	A \$2.2 billion Household Solar Storage Scheme providing household battery storage incentives of up to \$7000 per battery (tapering down annually to July 1, 2023). Each quarter, \$137.5 million will be made available for use from the fund.
Greens	Energy & Climate	<a href="#">Indigenous and remote communities power fund</a>	\$100 million in an Indigenous and remote communities power fund, administered by ARENA, to support the shift to renewable energy, storage and the creation of microgrids in remote indigenous communities will be established.
Greens	Energy & Climate	<a href="#">National Energy Efficiency Target</a>	The Greens will establish a National Energy Efficiency Target which will place an obligation on energy retailers. The National Energy Efficiency Target will set a target of 10 per cent for energy efficiency Australia-wide and does not include any other gains that will be achieved through other federal incentives. The scope of the policy will drive energy efficiency improvements across energy use and will reduce the gas use of the residential and commercial sectors of the economy.
Greens	Energy & Climate	<a href="#">Reinstate ARENA funding and develop hydrogen export industry</a>	The Greens will reinstate ARENA funding, investing \$500 million from July 2019, with a rolling \$300 million annual budget and allocate funding to develop a hydrogen export industry. The Greens will also revise the mandate of the Export Finance and Insurance Corporation to facilitate support for the development of High Voltage DC transmission cables and hydrogen fuel exports into Asia.
Greens	Energy & Climate	<a href="#">Renew Western Australia</a>	Establish a new government authority called Renew Western Australia that is responsible for planning and leveraging \$500 million of investment into construction of new energy generation over the next four years in WA.

This document tracks party commitments for the 2019 Federal Election but does not express any judgments about these policies. It reflect announcements as at 7/05/19 and will be updated and refined as more announcements are made.

Party	Topic	Short title (with embedded link if available)	Policy description
Greens	Energy & Climate	<a href="#">Restore and extend RET</a>	The Greens will restore and extend the RET. An Energy Storage Target would be set to help meet the total 419 GWh of dispatchable power required by 2030. This would be further enhanced by a \$2.2 billion in construction funding managed by AEMO and the Clean Energy Regulator over five years to contract and build energy storage at grid level.
Greens	Environment	<a href="#">Establish a national EPA</a>	Establish a national Environmental Protection Agency.
Greens	Environment	<a href="#">Ban on single-use plastic items</a>	Introduce a ban on problematic single-use plastic items by 2025, including straws, stirrers, cutlery, utensils, plates, bowls, and polystyrene containers and cups.
Greens	Environment	<a href="#">\$500m for recycling infrastructure</a>	An additional appropriation to the CEFC of \$500 million over five years to invest in waste avoidance and resource recovery initiatives, and provide funding to local groups for clean up activities through a \$6 billion environment fund.
Greens	Environment	<a href="#">Plastics research centre</a>	Establish a Plastics Co-operative Research Centre (CRC) for research efforts into reducing plastic waste, cleaning up oceans and finding end-markets for recovered plastic. Federal funding of \$50 million over five years would be provided. The Plastics CRC would be based in Hobart.
Greens	Environment	<a href="#">Royal Commission into Murray-Darling Basin</a>	<ul style="list-style-type: none"> <li>• Initiate a federal Royal Commission to clean up corruption and mismanagement, save the river system, and reinstate confidence that science is at the centre of decisions.</li> </ul>
Greens	Environment	<a href="#">Water buybacks</a>	Lift the freeze on water buybacks to return more water to the river
Greens	Environment	<a href="#">Great Barrier Reef</a>	<ul style="list-style-type: none"> <li>• Improve water quality with a \$2 billion grant fund over 10 years<sup>1</sup> available to scientists, governments and farmers to improve farming practices and repair reef catchments, and setting legal caps on water pollution by catchment</li> </ul>
Greens	Environment	<a href="#">Fishing</a>	<ul style="list-style-type: none"> <li>• Re-establish the original network of marine parks and then expand the network based on updated science</li> <li>• Reform federal government fisheries management using an ecosystem based approach and based on updated science</li> <li>• Permanently ban super trawlers</li> <li>• Introduce a national seafood labelling system for country of origin and species</li> </ul>

This document tracks party commitments for the 2019 Federal Election but does not express any judgments about these policies. It reflect announcements as at 7/05/19 and will be updated and refined as more announcements are made.

Party	Topic	Short title (with embedded link if available)	Policy description
Greens	Environment	<a href="#">Scrap the Regional Forest Agreements</a>	<ul style="list-style-type: none"> <li>Scrap the Regional Forest Agreements and end logging of native forests on public land</li> <li>End broadscale land-clearing of forests and woodlands on private land to protect our precious places, animals and carbon stores that are being destroyed</li> </ul>
Greens	Health	<a href="#">Dental Care</a>	Invest \$5.8 billion to provide Medicare-funded dental care to all young people, aged pensioners, full benefit recipients and concession card holders
Greens	Health	<a href="#">Mental health services for young people</a>	Provide \$250 million over four years in grant funding for community-based assertive outreach programs targeted at children and young people.
Greens	Health	<a href="#">Small business mental health intervention measures</a>	\$604 million over the decade for mental health intervention measures in smaller businesses
Greens	Health	<a href="#">Large business mental health intervention measures</a>	\$50 million per year for three years for mental health interventions in larger businesses.
Greens	Health	<a href="#">Community psychosocial services</a>	Provide an additional \$450 million for community psychosocial services. This will go towards bridging the gap in essential services for people who can't access the NDIS.
Greens	Health	<a href="#">Online cognitive behaviour therapy</a>	Fund online Cognitive Behaviour Therapy for a total of one million users at a cost of \$761 million over four years. These services will, over time, interact and work with face-to-face services.
Greens	Health	<a href="#">Move private health insurance rebate into public healthcare</a>	Move \$6.5 billion from the private health insurance rebate into the public health system.
Greens	Health	<a href="#">Lift the medicare freeze and expand bulk billing</a>	Invest \$4.7 billion over the decade into Medicare to lift the freeze in full and expand bulk billing including investing in diagnostic tests like X-rays and MRI scans
Greens	Health	<a href="#">Legislating 50/50 funding between the States and the Commonwealth</a>	Investing an extra \$2.8 billion to 2025 into public hospitals by legislating for equal (50/50) funding of hospitals between states and the Commonwealth.

This document tracks party commitments for the 2019 Federal Election but does not express any judgments about these policies. It reflect announcements as at 7/05/19 and will be updated and refined as more announcements are made.

Party	Topic	Short title (with embedded link if available)	Policy description
Greens	Health	<a href="#">Public hospital capital grants fund</a>	Invest \$100 million in a public hospital capital works grant fund to fund upgrades to hospitals. Hospitals which might receive this funding include: Launceston General Hospital, Canberra Hospital and Royal Darwin Hospital.
Greens	Health	<a href="#">Establish a single funding agency</a>	Investing \$970 million over the next four years in a Single Funding Agency.
Greens	Health	<a href="#">Chronic conditions</a>	Reorganise the current GP payment system, with \$1000 payments available to GP practices for each enrolled patient to compensate doctors for delivering high quality chronic disease care.
Greens	Health	<a href="#">Fully fund the NDIS</a>	Fully fund the NDIS. Provide staff training and remove staffing caps and improve IT systems and interfaces for participants and service providers.
Greens	Health	<a href="#">Disability accessibility</a>	Invest an extra \$400 million to boost accessible public transport across Australia over four years. Establish a new \$1 billion Accessible Infrastructure Fund and \$5 million Accessible Nature Fund, available to state, territory and local governments to improve accessibility of existing public places and infrastructure, including increasing access to nature and tourism activities for disabled people. Invest \$58 million over four years to advance captioning, audio description, relay and translation services, and access to Auslan, as well as pursuing the necessary regulatory amendments.
Greens	Health	<a href="#">Establish an Office of Disability Strategy</a>	Establish an Office of Disability Strategy within the Department of Prime Minister and Cabinet with the responsibility to coordinate and monitor progress of the National Disability Strategy.
Greens	Health	<a href="#">Australian Public Service disabled participation rates</a>	Improve Australian Public Service disabled participation rates, setting a full employment representation target for disabled employees of 15% by 2030. \$9.7 million would be provided to carry out workplace adjustments for new APS employees with a disability.
Greens	Health	<a href="#">National Disability Telecommunications</a>	Establish a National Disability Telecommunications Service providing a national resource for telecommunications products and services information, training, and support at a cost of \$3.5 million over four years.
Greens	Housing	<a href="#">Establish a Federal Housing Trust to fund the building of 500,000 public and community homes</a>	The Greens will establish a Federal Housing Trust that will be in a position to issue loans worth \$6.67 billion in 2019-20 rising to \$8.49 billion in 2028-2029 to states, territories and community housing providers to build 500,000 public and community homes across cities, towns, regions and remote areas over 15 years. The loans will be complemented by capital grants of \$1.5 billion per year in the first three years, rising to \$2.5 billion per year from 2023, to State and Territory Governments.

This document tracks party commitments for the 2019 Federal Election but does not express any judgments about these policies. It reflect announcements as at 7/05/19 and will be updated and refined as more announcements are made.

Party	Topic	Short title (with embedded link if available)	Policy description
Greens	Housing	<a href="#">Fund crisis housing services</a>	The Greens will: <ul style="list-style-type: none"> <li>• Set aside \$500 million per year to fund transitional housing and crisis services</li> <li>• Guarantee this funding for ten years to give service providers certainty</li> </ul>
Greens	Housing	<a href="#">Implement a national standard for renters' rights and increase funding for tenancy advice services</a>	The Greens will establish a national standard for residential tenancy agreements in states and territories, which will: <ul style="list-style-type: none"> <li>• prohibit 'no-grounds' evictions and give the option for standard indefinite leases with a three-month minimum notice period for termination by the landlord</li> <li>• regulate the amount and frequency of rent rises and prohibit 'rental auctions'</li> <li>• enforce energy efficiency and environmental sustainability standards for rental homes</li> <li>• ensure appropriate safety standards, allow tenants to make minor changes without permission from the landlord, and prohibit blanket 'no pets' clauses in leases and advertising.</li> </ul> The Greens will also increase funding for tenancy advocacy services by \$30 million, indexed to CPI for 10 years from 1 July 2019, to improve access to free and independent information, advice and advocacy for people who rent.
Greens	Housing	<a href="#">Reform negative gearing and the capital gains tax discount, and replace stamp duty with a land tax</a>	The Greens will: <ul style="list-style-type: none"> <li>• Wind back the CGT discount by 10% per year over five years</li> <li>• Phase out negative gearing for investors with two or more investment properties over five years. Investors with a single property will be exempt</li> <li>• Prohibit negative gearing on all future investment purchases</li> <li>• Offer finance for states and territories to voluntarily transition from stamp duty to a broad-based land tax</li> </ul>
Greens	Housing	<a href="#">Disability housing</a>	Construct 500,000 fully accessible public and community homes under the Federal Housing Trust.
Greens	Infrastructure & Transport	<a href="#">Expand the ACCC Broadband Monitoring Program</a>	Expand the ACCC Broadband Monitoring Program to include Fixed Wireless and Satellite, at a cost of \$1.8 million.
Greens	Infrastructure & Transport	<a href="#">Extend the Mobile Black Spot Program</a>	Extend the Mobile Black Spot Program at a cost of \$100 million per year.
Greens	Infrastructure & Transport	<a href="#">Federal Telecommunications Concession</a>	Establish a Federal Telecommunications Concession (\$60 each quarter) payable to all holders of a DHS Health Care Card at a cost of \$1.3 billion over the forward estimates. This payment will replace the limited Telephone Allowance and fund an NBN migration program for vulnerable consumers.

This document tracks party commitments for the 2019 Federal Election but does not express any judgments about these policies. It reflect announcements as at 7/05/19 and will be updated and refined as more announcements are made.

Party	Topic	Short title (with embedded link if available)	Policy description
Greens	Infrastructure & Transport	<a href="#">Finish the NBN using best choice technology</a>	The Greens are committed to using Fiber to the Premises, Fiber to the Curb, and Fixed Wireless.
Greens	Infrastructure & Transport	<a href="#">Keep NBN infrastructure publicly owned</a>	The Greens will retain the NBN infrastructure as a public asset.
Greens	Infrastructure & Transport	<a href="#">Review NBN pricing structures</a>	Require transparent review of NBN pricing structures.
Greens	Infrastructure & Transport	<a href="#">Update the Telecommunications Consumer Protection Code</a>	Update the Telecommunications Consumer Protection Code.
Greens	Infrastructure & Transport	<a href="#">Tougher vehicle emission standards</a>	Legislate a light vehicle efficiency standard of 105g CO2/km to be in full effect by 2022, which would roughly match the EU standards in place by 2021. Design and implement a heavy vehicle efficiency standard and would require Euro 6/VI pollution standards in all new cars and trucks immediately.
Greens	Infrastructure & Transport	<a href="#">EV fast charging infrastructure</a>	Establish a \$150 million fund to provide grants for the installation of public EV charging infrastructure. Under the plan, the government will make matched contributions of up to \$45,000 per station to support the installation of over 3,000 charging stations across the country.
Greens	Infrastructure & Transport	<a href="#">End the sale of petrol cars from 2030</a>	End the sale of petrol and diesel cars from 2030
Greens	Infrastructure & Transport	<a href="#">A set percentage of electric vehicle sales per year</a>	Impose annual targets for electric vehicle sales by manufacturers of 2% by 2020, 5% by 2021 and 10% by 2022.
Greens	Infrastructure & Transport	<a href="#">Redirect funding from toll road projects to public transport</a>	Redirect \$5.95 billion from toll road projects to public transport.
Greens	Infrastructure & Transport	<a href="#">Rail and bus services</a>	Introduce a dedicated public and active transport investment fund of \$25 billion over the next decade.
Greens	Infrastructure & Transport	<a href="#">East Coast high speed rail</a>	Set up the Australian High Speed Rail Authority and provide the first tranche of \$1.6 billion in equity funding to cover the first four years of expenses.

This document tracks party commitments for the 2019 Federal Election but does not express any judgments about these policies. It reflect announcements as at 7/05/19 and will be updated and refined as more announcements are made.

Party	Topic	Short title (with embedded link if available)	Policy description
Greens	Infrastructure & Transport	<a href="#">Cycling and walking</a>	Establish an Active Transport Fund worth \$2.5 billion over the next ten years, to invest in cycling and walking infrastructure in Australia, including constructing and upgrading off-road paths and dedicated Copenhagen lanes.
Greens	Innovation	<a href="#">R&amp;D</a>	<p>The Greens goal of increasing Australia's public and private investment in research and development to 4 per cent by 2030.</p> <ul style="list-style-type: none"> <li>• Re-establish the Clean Technology Program, with a \$200 million investment supporting innovation of products, processes and services by business and industry;</li> <li>• The Greens will also support investment in further research, development and commercialisation of low emissions steel through the establishment of a \$250 million Green Steel Innovation Fund within ARENA's boosted budget to drive down demand for metallurgical coal.</li> <li>• Investing \$100 million in ARENA to support specific research, development and commercialisation into industrial substitution and electrification programs in the chemical, cement and other manufacturing and fabrication industries.</li> </ul>
Greens	Law & integrity	<a href="#">Establish a Federal Anti-Corruption Commission</a>	<p>The Greens will establish a Federal Anti-Corruption Commission. The Commission would consist of:</p> <ul style="list-style-type: none"> <li>• A National Integrity Commissioner;</li> <li>• A Law Enforcement Integrity Commissioner;</li> <li>• An Independent Parliamentary Adviser.</li> </ul> <p>The Greens' Federal Anti-Corruption Commission has been costed independently by the Parliamentary Budget Office to cost \$75.6m over the forward estimates and \$243m over the next decade.</p>
Greens	Law & integrity	<a href="#">Free pill testing at music festivals</a>	<p>The Greens will establish:</p> <ul style="list-style-type: none"> <li>• Free and accessible pill testing at music festivals and in the community</li> <li>• A monitoring and information system to tell people who are yet to take drugs about what may be in a drug that they already have</li> <li>• A drug testing agency</li> </ul>

Party	Topic	Short title (with embedded link if available)	Policy description
Greens	Law & integrity	<a href="#">Legal cannabis</a>	<p>Allow growth of up to six plants at home for personal use only and Establish cannabis retail shops which would:</p> <ul style="list-style-type: none"> <li>– Sell only to people aged over 18 years</li> <li>– Sell only plain packaged cannabis</li> <li>– Prohibit all advertising;</li> </ul> <p>Establish an Australian Cannabis Agency which would issue licenses for production and sale, carry out a program of monitoring and enforcement of premises of production and sale, and monitor the scheme to ensure that it continues to work as well as possible. The Australian Cannabis Agency would also act as the single wholesaler for cannabis – purchasing cannabis from the producers and selling on plain packaged product to the retail stores to ensure quality and consistency. The Greens would impose strict penalties for the sale of unlicensed or black market cannabis and for anyone found to be driving under the influence of cannabis and review all of these regulations after 2 years.</p>
Greens	Law & integrity	<a href="#">Political donations</a>	<p>The Greens will:</p> <ul style="list-style-type: none"> <li>• Ban political donations from the mining, tobacco, alcohol, gambling, banking, defence and pharmaceutical industries;</li> <li>• Place a cap of \$3,000 per parliamentary term on all other donations;</li> <li>• Place expenditure caps on political parties and associated entities;</li> <li>• Until stringent caps are in place, ensure donations above \$1,000 are reported to the public in close to real time;</li> <li>• Banning 'donation splitting' and all donations from foreign entities.</li> </ul>
Greens	Social	<a href="#">Child care</a>	<p>Make childcare free for low-income families, and increase access for everyone else. Announcement coming soon.</p>
Greens	Social	<a href="#">Conditions for Aged-care staff</a>	<p>The Greens will increase pay for aged care workers by 15%.</p>
Greens	Social	<a href="#">Direct financial support for FDV survivors</a>	<p>The Greens would commit an additional \$200 million over four years to a Survivor Grant fund, which would give up to 50,000 Family and Domestic Violence survivors grants of up to \$4000, helping approximately 1,000 survivors each month.</p>

This document tracks party commitments for the 2019 Federal Election but does not express any judgments about these policies. It reflect announcements as at 7/05/19 and will be updated and refined as more announcements are made.

Party	Topic	Short title (with embedded link if available)	Policy description
Greens	Social	<a href="#">Drug treatment</a>	<p>The Greens will reform drug treatment spending by:</p> <ul style="list-style-type: none"> <li>•Doubling Commonwealth AOD treatment funding to \$800 million over three years to improve treatment outcomes;</li> <li>•Redressing the imbalance between law enforcement and treatment expenditure.</li> <li>•Improving treatment effectiveness by directing resources towards proven treatments and encouraging timely interventions and improved program retention;</li> <li>•Providing certainty to treatment providers by committing to this expenditure over the forward estimates;</li> <li>• Developing national accreditation and training standards for harm reduction services.</li> </ul>
Greens	Social	<a href="#">End use of chemical and physical restraints</a>	The Greens will introduce mandatory reporting on the use of chemical and physical restraints in aged care facilities, with a plan to end the use of restraints.
Greens	Social	<a href="#">Funding to services providers</a>	The Greens will establish a cap on the percentage of the funding given to service providers that can be used for administration rather than direct resident care.
Greens	Social	<a href="#">Increase hours of care provided</a>	The Greens will commit an initial investment of \$3 billion over the forward estimates to increase the number of hours of care to each resident to 4 hours and 18 minutes per day by adopting staffing ratios and ensuring the correct skills mix of staff.
Greens	Social	<a href="#">Increase Newstart</a>	Raise Newstart and Youth Allowance by \$75 per week and bring back Parenting Payment Single. The Greens will abolish measures like the cashless welfare card. Announcement coming soon.
Greens	Social	<a href="#">Increase the amount of Home Care Packages</a>	The Greens will provide funding for an additional 50,000 Level 3 and 4 Home Care Packages over three years at a cost of \$5.491 billion.
Greens	Social	<a href="#">National Partnership Agreement on Domestic Violence and Violence Against Women between state and federal governments.</a>	The Greens will create a new ten-year, \$5.3 billion National Partnership Agreement on Domestic Violence and Violence Against Women between state and federal governments. The Greens' plan would provide 10-year funding certainty for frontline response services and boost their funding by investing \$2.2 billion over four years as part of the 10-year commitment. It would include funding for crisis and temporary housing services, and would also be responsive to the particular needs of LGBTIQ+ people, migrants and people with disability. As part of that 10-year funding commitment, the Greens will increase and provide long-term secure funding support for Our Watch and ANROWS (Australia's National Research Organisation for Women's Safety), the national primary prevention and cultural change experts.

This document tracks party commitments for the 2019 Federal Election but does not express any judgments about these policies. It reflect announcements as at 7/05/19 and will be updated and refined as more announcements are made.

Party	Topic	Short title (with embedded link if available)	Policy description
Greens	Social	<a href="#">Review the Aged Card Funding Instrument</a>	The Aged Care Funding Instrument (ACFI) measures the level of care each resident needs, and informs the allocation of Government subsidies to residential aged care providers. The Greens will support a full and independent review of ACFI, alongside a true cost of care study.
Greens	Social	<a href="#">Staff-to-resident ratios</a>	Currently there is no requirement for minimum staff-to-resident ratios in aged care. The Greens support staff-to-resident ratios but the ratio is yet to be specified. The Greens also support having a minimum of one registered nurse rostered 24 hours a day, 7 days a week in all aged care facilities.
Greens	Social	<a href="#">Establish an independent equality commission</a>	The Equality Commission will provide independent advice to the Government and Parliament on setting rates of income support as well as guidance on broader strategies to reduce inequality in Australia.
Greens	Superannuation	<a href="#">Remove minimum super threshold</a>	The Greens will legislate to remove the minimum threshold for compulsory employer contributions of \$450 a month.
Greens	Superannuation	<a href="#">Superannuation taxes</a>	The Greens will replace the existing flat rate of tax, with progressive tax rates similar to how income tax works and use the extra tax revenue raised to fund doubling the payments made into low income earners' retirement accounts - the Low Income Superannuation Tax Offset.
Greens	Taxation	<a href="#">Income tax</a>	The Greens will fund their education package by reversing income tax cuts, raising \$13.4 billion over the next four years.
Greens	Taxation	<a href="#">End the tax-free fuel rebate</a>	The Greens plan scraps the tax-free fuel rebate for mining companies.
Greens	Taxation	<a href="#">Introduce a 'Buffet Rule'</a>	A Buffett Rule will be introduced so the super rich will have to pay a baseline amount of tax, no matter how many deductions they use. Plan is to cap those deductions so that someone earning above \$300,000 a year could no longer deduct to a level below 35 cents in every extra dollar earned.
Greens	Trade	<a href="#">No to the TPP</a>	The Greens claim the TPP is one of the most shocking trade agreements in a generation. The Greens voted against the TPP and oppose this trade deal.
Greens	Trade	<a href="#">Phase out coal exports by 2030</a>	The Greens plan will phase out thermal coal by setting a yearly limit on coal exports from 2020, reducing each year until a full-phase out in 2030. Each tonne of coal will require a permit to be secured by auction for the right to export coal according to the below schedule. The Greens claim that with a floor price of \$1 per tonne, this would raise at least \$268 million in its first five years to help the economy smoothly transition into new sources of export revenue.
Greens	Trade	<a href="#">Cut weapons exports</a>	Plan to cut weapons exports.
Greens	Workplace relations	<a href="#">Abolish the ABCC and ROC</a>	Abolish the Australian Building and Construction Commission (ABCC) and the Registered Organisations Commission (ROC) and reinstate the Road Safety Remuneration Tribunal (or equivalent).

This document tracks party commitments for the 2019 Federal Election but does not express any judgments about these policies. It reflect announcements as at 7/05/19 and will be updated and refined as more announcements are made.

Party	Topic	Short title (with embedded link if available)	Policy description
Greens	Workplace relations	<a href="#">Extend paid parental leave</a>	The Greens will extend the current paid parental leave arrangements to six months, paid at 100% of the primary carer's regular wage (mother or father) capped at \$100,000 per annum. The Greens will also ensure that superannuation contributions are paid on the Paid Parental Leave Scheme, to ensure women are not worse off when they reach retirement. The paid parental leave scheme will complement employer-provided programs, not replace them.
Greens	Workplace relations	<a href="#">Future of Work Commission</a>	The Greens will establish a specialised, independent Future of Work Commission. The Commission will examine the impacts of technological innovation and develop long-term strategies for jobs. It will model a four day work week without loss of pay, and explore the prospect of introducing an Australian Universal Basic Income.
Greens	Workplace relations	<a href="#">Gender pay gap</a>	The Greens will set gender pay equality as an objective of awards and the Fair Work Act. The Greens also support measures to ensure appropriate classification and pay for work in traditionally low paid industries where the majority of workers are women and/or migrants.
Greens	Workplace relations	<a href="#">Paid FDV Leave</a>	The Greens will legislate to ensure all workers are entitled to 10 days paid family and domestic violence leave, so that no woman has to choose between getting paid and being safe. Five days of unpaid leave is wholly inadequate given the financial burden on women when leaving violent relationships.
Greens	Workplace relations	<a href="#">Pay gag clauses</a>	The Greens will legislate to ban 'pay gag clauses' in employment contracts.
Greens	Workplace relations	<a href="#">Productivity Commission to investigate value of unpaid caring work</a>	The Greens will task the Productivity Commission with investigating how best to value unpaid caring work, whether for full-time carers or those only temporarily out of the workforce. The Productivity Commission would undertake an independent investigation into the workplace and social security reforms needed to value unpaid caring work over the medium and long-term, including considering universal basic income for carers, and the payment of superannuation to carers ("caring credits").
Greens	Workplace relations	<a href="#">Work/life balance</a>	In 2018, the Greens introduced the Fair Work Amendment (Better Work/Life Balance) Bill to give workers the right to request flexible working arrangements from the start of their contract rather than after 12 months, which is the current requirement. All employees with caring responsibilities will have a right to request flexible work arrangements, which an employer can only refuse on reasonable business grounds.
Greens	Workplace relations	<a href="#">Public service wage increases</a>	Increase wages for workers in the General Government Sector by 4% per annum over the next 4 years.

This document tracks party commitments for the 2019 Federal Election but does not express any judgments about these policies. It reflect announcements as at 7/05/19 and will be updated and refined as more announcements are made.
